FOUNDATIONS FOR A HEALTHY SCHOOL				
Components	High-Quality Instruction and Programs	A Healthy Physical Environment	A Supportive Social Environment	Community Partnerships
<p>Discourages quality instruction provides students with a wide range of opportunities to learn, practice, and demonstrate knowledge and skills related to living a healthy life. Program effort during the instructional day often by the foundation for other activities. One example is the foundation for other activities.</p> <p>Quality programs also include opportunities for teachers and other stakeholders to participate in professional learning opportunities.</p>	<p>A safe and healthy physical environment supports the activities for learning. The physical environment includes the school building and grounds, water in and near the school, and materials and equipment used in school programs.</p>	<p>A supportive social environment has a positive impact on students' learning. They practice within a school house that is an environment where students and parents are healthy from the support provided, which may be formal (e.g., school policies, rules, etc.) or support provided in informal (e.g., environment) per instruction in the play.</p>	<p>University partnerships provide access to resources and services available to support staff, students, and families in the development and implementation of healthy school initiatives. Before registration on other services within the school setting, including public health.</p>
