RECOGNIZING PUBLIC HEALTH HEROES WORKING TIRELESSLY
BEHIND THE SCENES TO KEEP COMMUNITIES HEALTHY AND SAFE

BUD IVEY

Public Health Inspector

HOW I'M HELPING TO KEEP COMMUNITIES SAFE RIGHT NOW

Enforcing the Emergency Management Act Orders to keep the public safe. Continuing to inspect restaurants, long-term care homes, hospitals, and drinking water systems. Contacting and educating members of the public who have been in close contact with a COVID-19 patient. Investigating animal biting incidents for rabies.

MY MESSAGE TO THE PUBLIC DURING THESE CHALLENGING TIMES

Wash your hands, take care of yourselves and your neighbours.

MY ROLE IN PUBLIC HEALTH

What I'm championing every day to keep communities healthy:

Educating the public on why it is important to have safe water, food, and shelter and that not all people have these luxuries. Teaching people how to keep themselves safe with what they eat and drink. Also, reminding people to have a broader view of the world and how to assess the risks around them in life.

What I would like to see for the future of public health:

I would like to see the province recognize the work public health does behind the scenes every day, in both the good and bad times.
