### HOW I'M HELPING TO KEEP COMMUNITIES SAFE RIGHT NOW

Managing a multi-disciplinary COVID-19 data management team for Halton Region.

### MY MESSAGE TO THE PUBLIC DURING THESE CHALLENGING TIMES

*“These times of adversity challenge our communities to band together and adapt and to an ever-changing environment. We are stronger together. Lessons learned from this pandemic will help us to create a healthier world for future generations.”*

### MY ROLE IN PUBLIC HEALTH

**What I'm championing every day to keep communities healthy:**

Pleasantly providing accurate and regular updated COVID-19 data information for provincial partners, Halton Region Health Department and local leaders while always providing a smile and cheerful disposition for her teammates.

**What I would like to see for the future of public health:**

I would like for public health to continue to advocate for evidence-informed decision making.
