Family Home Visiting Team - HBHC

HOW WE ARE HELPING TO KEEP COMMUNITIES SAFE RIGHT NOW

We continue to support our community's families with information and helpful strategies on resources, parenting in stressful times, positive discipline and much more.

We provide child-focused telephone calls to promote parent's ability to support the child's growth and development.

OUR MESSAGE TO THE PUBLIC DURING THESE CHALLENGING TIMES

Continue to be involved in supporting families and building positive parenting.

OUR ROLE IN PUBLIC HEALTH

What we champion every day to keep communities healthy:

Together with PHNs, we work with our most vulnerable parents to help them be as successful parents as possible.

What we would like to see for the future of public health:

That Public Health continues to play a leadership role with helping our vulnerable parents be successful.
