HOW I'M HELPING TO KEEP COMMUNITIES SAFE RIGHT NOW

Liaising with partners to provide COVID-19 testing at assessment centres, in the community with paramedics and surveillance testing in congregate settings.

MY MESSAGE TO THE PUBLIC DURING THESE CHALLENGING TIMES

*“Optimism is the faith that
leads to achievement.
Nothing can be done without
hope and confidence.”

MY ROLE IN PUBLIC HEALTH

What I'm championing every day to keep communities healthy:

Mental health promotion, access to sustainable food sources, healthy eating, active lifestyles, harm reduction and healthy growth and development.

What I would like to see for the future of public health:

Public Health valued and adequately funded to support healthy community development in collaboration with Health and Social Service Partners.
