RECOGNIZING PUBLIC HEALTH HEROES WORKING TIRELESSLY
BEHIND THE SCENES TO KEEP COMMUNITIES HEALTHY AND SAFE

ANGIE MANNERS

Manager, Infectious Diseases,
Chief Nursing Officer
Timiskaming Health Unit

HOW I'M HELPING TO KEEP COMMUNITIES SAFE RIGHT NOW

I've been supporting our skilled and resilient public health staff and local partners to deliver an effective and efficient 'test and trace' program in an ever evolving situation. I've been championing regular connections, rapid response to staff, partner and community inquiries (in both official languages).

MY MESSAGE TO THE PUBLIC DURING THESE CHALLENGING TIMES

*"With teamwork, we can
accomplish great things."*

MY ROLE IN PUBLIC HEALTH

What I'm championing every day to keep communities healthy:

Leading and supporting all of the nurses in Ontario's smallest public health unit in their work, including a focus on infectious disease prevention and control work such as immunization and harm reduction, while also championing breastfeeding in our district and wellness within our workplace.

What I would like to see for the future of public health:

Applying Evidence-based nursing practice at the local level, increased support and acknowledgement of the impact of the early years on life.
