HOW I'M HELPING TO KEEP COMMUNITIES SAFE RIGHT NOW

My role in public health during this global pandemic is to collect Covid-19 test swabs from Long Term Care facilities in the Simcoe/Muskoka area and ensure they are safely delivered to Public Health Ontario labs.

MY MESSAGE TO THE PUBLIC DURING THESE CHALLENGING TIMES

"Unity is strength...when there is teamwork and collaboration, wonderful things can be achieved."
- Mattie J.T. Stepanek

MY ROLE IN PUBLIC HEALTH

What I'm championing every day to keep communities healthy:

My job is to provide oral health services to low income families with children up to the age of 18. Through education, support and advocacy I endeavor to improve the oral health of the most vulnerable within our community.

What I would like to see for the future of public health:

I would like to see the role of public health better understood and to be more widely recognized in the community as we continue to strive toward achieving health equity for the population.
