Peterborough Public Health

HOW I'M HELPING TO KEEP COMMUNITIES SAFE RIGHT NOW

Supporting local partnerships to provide emergency food boxes during the COVID-19 emergency response in Peterborough, Ontario and area while working towards systems change.

MY MESSAGE TO THE PUBLIC DURING THESE CHALLENGING TIMES

Keep an eye on the most vulnerable in your community. Advocate for services to aid and empower them to make positive, sustainable changes for themselves and their families.

MY ROLE IN PUBLIC HEALTH

What I'm championing every day to keep communities healthy:

I am a Community Worker with Peterborough Public Health. I help promote social connections and a sense of belonging between community members by facilitating food literacy building opportunities, and food access in the Peterborough County and City!

What I would like to see for the future of public health: That we continue to work on changing, and making new, social policies that are in everyone's best interests.
